

Reference is made to the last report on Hungarians of Sept.30,57 .

Enrollment: Of the originally 14 students nine were allowed to enter UNB in September 1957. Three Hungarians left for Toronto early in the first term, after unsuccessfully trying to adjust themselves (M.Fulop, F.Markovits, J.Holli). J.Jerney (2 nd year Forestry) had to quit UNB on account of language difficulties. He is working in the Office of the Provincial Architect and plans to re-enter UNB in the autumn.

A.Bene has great drive and it can be expected that he will score 1 st and 2 nd division next year. He was active and successful in the UNB swimming team.

L.Gulyas will change from C.E. to E.E. - This student is highly recommended for a scholarship. It must be remembered that he, like all the others, came to Fredericton in April 1957 without any knowledge of English.

J.Szanner is a very deserving student, but has been slower in acquiring a good command of English. In view of his good character, ability, and diligence Dr.Mackay has decided to give him another chance. He will repeat the second year in full.

I.Nemeth and A.Venczel will write supplementals in the fall.

Prof.A.Stevens who had to fail them in C.E.450 praised their efforts J.Jerney will return to UNB in the fall. He has not studied the English language as diligently as expected. It is recommended that he be accepted at UNB (2 nd year Forestry) on 6 weeks' probation. Jerney will move to Newman Hall in June .
